BACKGROUND: Co-pay is applied to all participants of JACC. Co-pay is payment to participate in the Program. Co-pay is a monthly obligation not based on services received. The amount of co-pay is based on the countable income of the individual and his/her spouse, applied to a sliding scale. The figures used in the worksheet are based on a percentage of the Federal Poverty Level.

Enclosed are the following documents to be shared with your JACC care management sites:

- Revised Co-Pay worksheet for 2016 (JACC 404)
- Revised figures for Standard Medical Deductions and new co-pay table

Care Managers can implement the 2016 co-pay worksheet at the next co-pay revision for the JACC client.
